Material datasheet Material: PAS-PU 90A-TCS

mechanical characteristics

| Characteristic | Standard | Unit | Value |
|----------------------------------|---|------|-------|
| Elongation at break (+23°C, dry) | ISO 527-1/-2 DIN 53455 ASTM D 638 | % | 550 |

physical characteristics

| Characteristic | Standard | Unit | Value |
|------------------------|-------------------------------------|-------|-------|
| Density, Gross density | ISO 1183 DIN 53479 ASTM D 792 | g/cm³ | 1.13 |

These data are guideline values which are subject to change depending on the type of manufacture of the test specimens and stress. These data are based on our own experience and on manufacturer's data. However, they are provided without guarantee, since each application is different and must be considered with reference to its specific influence parameters.
